**MEMORANDUM FOR:** Director of Logistics

**SUBJECT:** Adequate Housing for Graphic Arts Reproduction Division, TSS

**REFERENCE:** Memo fr Chief, TSS dtd 15 March 1956 Requesting Provisions of Adequate Fireproof and Secure Housing for Same

1. The Director is very much opposed to undertaking any large construction work while funds for our new building are still unsettled. He so advised Dr. [REDACTED] (Chief, TSS), Colonel White and myself after the Senior Staff Meeting on Monday, the 7th.

2. In view of this decision and since the situation may remain unresolved for a number of months, we should find out what are the minimum needs of GARD for the immediate future and until the new building might become a reality. Presumably they can continue to operate in their present space but will have to find room for two presses which will each require a working area of approximately 15' x 35' within the next few months.

3. Will you have someone explore with Mr. [REDACTED], Administrative Officer, TSS, ext. 3931, just when these presses are expected to arrive, whether the foregoing space requirements are correct, etc., and make suggestions as to the solution of their space problems.
